OUR GOAL

Dear Parents:

We believe in teaching professionalism in the performing arts – from classroom etiquette through to performance. Our production is a professional show with a professional lighting and sound crew, a stage manager, and backstage supervisors. We also hire a professional photographer and videographer.

With this in mind, ALL students take a final bow and perform a finale with the entire cast at the end of the show. Students must arrive 30 minutes prior to showtime and must remain backstage for the entire performance. No exceptions. Only faculty, security personnel, and backstage moms who have volunteered will be allowed backstage. Please understand that this is for the safety of the children in the show and we take this very seriously. If you want to be with your child, we encourage you to be a backstage mom.

STUDENT PARTICIPATION

The annual end of season production is not mandatory, however, we highly encourage your participation. The students have worked so hard all year and this is their chance to shine! Students will be presenting songs, scenes and production skits from various plays and musicals.

MANDATORY REHEARSALS

Students will be required to attend the rehearsals to combine the classes in preparation for the show. One rehearsal will be at the studio for spacing and notes, the other will be a closed tech/staging rehearsal at Ramsey High School.

Students that miss these rehearsals will not be allowed to participate in the actual show.
